

Make Your Voice Heard **Vision 2030 & LCAP Input**

Designing School Strategies for Global Success

The career world our children will enter when they graduate in 2030 will be a very different world from today.

Our children will be competing for jobs with highly skilled graduates from across the globe.

What skills do you want our students to graduate with in order to compete locally and globally by the time they graduate in the year 2030?

We want your input!

Together we will define what our students will need to make a powerful difference in our community and in the world. The input you give will assist in developing **Vision 2030**, our 3 year LCAP and our SDUSD graduate profile.
